One-week Brazil Camp (November 2018)
One-week Swiss Camp (April 2019)

Win the AIT Innovation Grant
CHF 10,000 will go to the most promising project

Apply now at www.startuphsg.ch/AIT

Applications are open until June 25, 2018
Jury Day – July 13, 2018 / Kick-off Meeting – November 02, 2018

Why you should apply...!

Noris Gallandat: Winner of the AIT Innovation Grant
2018 Switzerland

"The AIT program was a great opportunity to meet potential partners and customers on the spot. The contacts made by swissnex Brazil proved to be very valuable and gave our company a unique chance to enter the Brazilian market."

Denise Endringer: Winner of the AIT Innovation Grant
2018 Brazil

"The AIT Innovation Grant will help us further develop our product and establish new partnerships. We will be able to do more research and bring our prototype to a targeted market."

Develop a Startup

You can become 1 of 10 scientists to develop your research into a high-potential startup! The AIT accelerator program will give you the tools to sharpen your entrepreneurial skills.

Expert Advise

Learn from industry experts, a wide network of peers, mentors and entrepreneurs how to transform your research into a successful market product or application.

Eligibility

Open to Master, PhD, PostDocs, and researchers from Swiss universities, Universities of Applied Sciences, and research centers of technology in Switzerland. You must already have a well-developed idea, project or startup, and intend to internationalize your product or service.

rocio.robinson@unisg.ch

Emerging Markets

Develop a better understanding of the Brazilian industry environment and boost your business idea to help you enter one of the most promising emerging markets.

Partnerships

Network at an international level with scientists from top institutions in Switzerland and Brazil. Foster new partnerships and collaborations.

Program

The selected 10 AIT researchers must commit to participate in the Kick-off Meeting, and both the Brazil (Nov. 2018) and the Swiss Camp (Apr. 2019). Food, travel and accommodation expenses in Brazil and Switzerland will be covered.

The program is free of charge!

AIT Innovation Grant 2019

CHF 10,000 will be awarded to the most promising project.
